

# Two Auto Wrecks Claim Life of One; 4 Teenagers Injured

Two car wrecks over the weekend have left one serviceman dead and two teenagers seriously injured.

Tommy Dale Polly, 29, of Cornettsville, son of Mr. and Mrs. Lovell Polly, was killed Friday morning near Viper when the 1960 Chevrolet he was driving went over an embankment and struck a tree. The impact threw him from the car and the vehicle turned over on him.

Traveling north on Highway 7, Mr. Polly apparently fell asleep and lost control of the car. He was home on leave from the U. S. Navy.

Mr. Polly is survived by his parents; one brother, Dexter, in the U. S. Navy stationed in Italy; two sisters, Mrs. Lucy Combs, of Flint, Michigan, Miss Mickey Polly, of Morristown, Tennessee.

Funeral services were held Saturday, October 24, at 6:30 p. m. at the home at Cornettsville with Reverend Beckham Fields and Reverend I. D. Back officiating.

Burial was in the Edney Cornett Cemetery at Cornettsville with the Brashear Funeral Home in charge of arrangements.

Two Hazard teenagers, Glen Wayne Wilson, 14, son of Mr. and Mrs. Elzy Wilson, and Lawrence Stacy, 17, son of Mr. and Mrs. Howard Stacy, were seriously injured when the 1955 Ford Sedan driven by Stacy went over an embankment on

## Sen. Goldwater To Make Second Trip to Kentucky

Senator Barry Goldwater will make his second campaign trip to Kentucky tomorrow (Tuesday), one week before the November 3 presidential election.

Republican headquarters said the presidential nominee will leave his jet plane at Bristol, Tenn., and take a smaller plane to London, Kentucky.

Plans call for him to arrive at 12:45 p. m. and spend about an hour at the Laurel County seat in Southeastern Kentucky.

The visit was canceled once, but G.O.P. officials said this was due to scheduling and transportation difficulties.

Goldwater visited Louisville on September 25. He addressed a Freedom Hall rally and then spent the night there.

## Citizens to Meet To Select Name For Community

A group of citizens in the local community between Glomawr and Jeff where the City Fuel Coal Company operates are meeting Wednesday, October 28, 1964, 7 p. m. at Cornett's Grocery for the purpose of naming their community.

This community has a rock cliff near the river where Daniel Boone fished and sheltered himself from the weather. While relaxing he carved his name and date on the cliff. There are various stories handed down from our forefathers.

If this section is to promote tourists, this may be a good landmark to improve by putting up a state marker as a tourist attraction.

The name given to this little community will affect everyone in this area. Anyone interested in placing a name for consideration may leave it at Cornett's Store or with Mabel Wells at the Perry County Clerk's Office.

## Highway Income Totals \$609,969

Income from Kentucky's highway toll facilities totaled \$609,969 in September, an increase of more than \$271,000 over September a year ago, according to Highway Commissioner Henry Ward.

The Western Kentucky Parkway, which was not open in September last year, accounted for \$137,483 of the increase.

Gross receipts of other toll facilities for September 1964 and September 1963 were reported by the Department of Highways: Kentucky Turnpike, \$371,799 this September and \$270,349 last September; Mountain Parkway, \$78,502 this September and \$44,741 last September; Shawneetown Bridge, \$22,183 this September and \$23,271 last September.

## Hazard Business College Closed For Fall Vacation

The Hazard Business College is taking their fall vacation this week. Studies will resume November 2 at the school.

## Rev. Ross Figart Assumes Pastorate Of Petrey Church

Rev. Ross Figart, Jr.

Reverend Ross Figart, Jr., pastor of the Vanceburg First Baptist Church for the past eight years, has resigned to accept the pastorate of the Petrey Memorial Baptist Church, of Hazard.

Reverend Figart was born in Altoona, Pennsylvania, but has lived most of his life in Kentucky. Previous pastoral experience includes six years as pastor of the Spears Mill Baptist Church of Bourbon County, and eight years as pastor of the Vanceburg First Baptist Church.

He is married to the former Ruthe Ballard, of Carlisle, Kentucky. They have one daughter, Frances Ruthe, eight months old.

Reverend Figart will arrive in Hazard the first of November.

## Russell Ingram Is Senior Engineer Of Space And Information Systems

Russell Ingram, Jr.

Russell Ingram, Jr., son of Mr. and Mrs. Russell Ingram, Sr. of Hazard, has been classified as Senior Engineer at the Space and Information Systems Division in California.

Mr. Ingram was featured in a story in the November 18, 1963, issue of The Hazard Herald in regard to his work on America's "Rocketdyne Skywriter", which will power this nation's moon mission which is scheduled to "blast off" with three Americans before the end of this decade.

It has been estimated that 100,000 persons from North America's Space and Information Systems Division—techni-

cal director of the moon mission—Rocketdyne, S&ID, various governmental agencies and educational institutions, and subcontractors across the country participate in the program daily. The program is called one of the largest and most important in history.

Mr. Ingram attended Hazard High and Dilce Combs Memorial. He had two years at Cumberland College, Williamsburg, Ky., (which has very fine mathematics and science departments), and two and a half years in mechanical engineering at the University of Kentucky. He did post-graduate work at Southern California in Los Angeles and also took special training at the Rocketdyne Division of North American Aviation, where he is employed.

His wife is the former Louetta Stout, of Vico, and they have two daughters.

## Residents Urged To Clean Grounds

Fire Chief Lawrence "Shorty" Sizemore today urged Hazard residents to clean around their homes and destroy all weeds, leaves and combustible materials in order to guard against fires during this dry season.

"Small brush fires are expensive to the city and dangerous to the property owners," Chief Sizemore stated.

## Group Therapy Includes Play

BOYS in the Department of Child Welfare's new camp for mildly delinquent youngsters at the Woodsbend tree nursery in Morgan County work, study, play and discuss their problems together in small groups. The Woodsbend camp was dedicated recently with U. S. Representative Carl Perkins of Kentucky's Seventh Congressional District as principal speaker. The installation, which cost \$155,000, is an all-purpose steel structure of colorful panels, located on a knoll near the Licking River, near West Liberty. The single building includes living facilities for 30 to 40 boys, a dining-recreation-school hall (shown in this photograph), and kitchen. The first group of 12 boys is now in residence.

## Pvt. R. L. Salyers In Army Exercise

Army Pvt. Robert L. Salyers, son of Mr. and Mrs. Kelly Salyers, Lothair, Ky., and other members of the 1st Infantry Division are scheduled to participate in Exercise GOLD FIRE I, a 16-day field training exercise to be conducted in the vicinity of Fort Leonard Wood, Mo., beginning October 29.

Salyers will participate as an automatic rifleman with Joint Task Force Sioux, one of the combat forces involved in the exercise. About 20,000 men will take part in the maneuver.

The exercise, involving two opposing forces, Joint Task Force Sioux and Joint Task Force Ozark, is designed to test and evaluate the suitability of the U. S. Air Force concept for improving the use of aviation in support of Army ground forces. Sioux forces will use current doctrines and procedures of troop tactics while Ozark will employ the new concept of support and attack.

Salyers, assigned to Company C, 1st Battalion in the division's 28th Infantry regularly stationed at Fort Riley, Kan., entered the Army in March 1964 and completed basic training at Fort Knox, Ky.

## Earl Combs And Calvin Manis Appointed Chairmen For Johnson

Mr. Earl Combs, Manager of Martin's Department Store, Vice co, has been appointed Citizen Chairman of Perry County by the Kentucky Citizens for Johnson Organization, Lee B. Thomas, Sr., Chairman, announced today.

The appointment is part of a statewide drive to attract outstanding citizens of all political leanings into the Johnson fold this November.

Thomas said of Combs' appointment: "Earl Combs fits perfectly into the category of our Citizen's Organization. He is one of Kentucky's outstanding citizens who puts the good of his country and state foremost in all his activities."

## Coal Mining Industry Celebrates Greatest Production Year Since 1950

Kentucky coal operators, who contribute \$350 million a year in wages and other benefits to their state's economy, should be more aggressive in promoting their industry and seeking recognition for their achievements.

This theme was stressed by speakers—including national leaders of the industry and a former Kentucky governor—at the Kentucky Coal Association's 18th annual meeting in Lexington last Friday, (Oct. 16).

William B. Sturgill of Hazard Association Chairman, reminded the more than 100 persons present that coal mining also was Kentucky's No. 1 industrial employer, with 29,717 employees.

Fred B. Bullard of Lexington, KCA president, asserted "this is a \$350 million industry and it must be protected. If we are to be successful, we must present a united effort by the industry."

Former Governor Bert Combs, who was born in a coal-producing county (Clay) declared "the mining of coal ought to be recognized as an honorable industry. You perform a great service to society and to America. I think you have been too much on the defensive. You ought to be more on the offensive."

Joseph E. Moody of Washington, president of the National Coal Policy Conference, said: "Be proud of coal, be optimistic about its future. Tell our story at every opportunity."

## Senator Morse, Rep. Perkins Speak in Hazard

Senator Wayne Morse, (D-Ore.) and Carl D. Perkins, Seventh District Congressman, who is running for re-election, teamed up to fire a double-barreled blast at Republican presidential candidate Barry M. Goldwater in Hazard last Saturday before a crowd of about 600 persons.

Perkins, the ranking Democrat on the House Education sub-committee charged that Goldwater was against the type of federal programs which now aid Eastern Kentucky and also was opposed to proposed programs such as the Appalachian Bill which passed the Senate but not the House this last session of Congress.

Speaking from the site of the new Perry County Court House, Congressman Perkins pointed out that Senator Goldwater voted against the Accelerated Public Works Program which is providing funds for the construction of the new court house. He cited Goldwater's opposition to federal loans for higher education and his opposition to the already operative Manpower Development and Training Act which is designed to train unskilled workers so that they can obtain jobs. The Hazard Vocational School receives MDTA grants.

Perkins is a staunch supporter of the above programs. The incumbent Congressman, who is seeking his ninth term, also said that he supported proposed legislation which would reduce the Social Security retirement age to 60 and increase Social Security benefits, particularly to widows with dependents which, he again stated, Senator Goldwater opposes. He said that federal assistance is vital for the rejuvenation of Eastern Kentucky since it is the only way that the vast sums of money for modernization projects such as the construction of roads, flood control dams, schools, and other improvements can be obtained.

Senator Morse, speaking at some length, said that even though he was from the distant state of Oregon he supported the Appalachian Bill since he felt that it helped the whole

Carl D. Perkins

country if one degressed section through assistance could become self-supporting.

He lauded Rep. Perkins as he quoted the late President Kennedy when he referred to Congressman Perkins as "Mr. Education in the House of Representatives" for his unflinching support of legislation designed to give every American the opportunity for a decent education.

He attacked Senator Goldwater's foreign policy as dangerous, inflexible and illegal according to the tenets of international law. He advocated the need for a strong national defense but very much disagreed with Senator Goldwater's statement that "war is inevitable."

He closed with the charge that Goldwater is for increased use of the injunction in labor disputes which he felt would destroy the process of collective bargaining which is labor's greatest tool. He asserted that President Johnson and Carl D. Perkins are on the record as supporters of the laboring man.

it has received."

"There are many, many good things which can be called to the public's attention," he added. He cited the industry's payment of welfare funds, hospitalization, sick benefits and retirement benefits.

He recommended that the operators make more speeches and work more closely with civic clubs, industrial promotion organizations, and with the press.

The editor also questioned whether the coal operators were working closely together. "Is the best possible effort being made to unite all the coal operators in a common cause?" he asked.

Robert Montgomery, deputy

state commissioner of natural resources, asked the operators to give the new state strip-mine legislation a "chance to work."

Moody said prospects for increased prosperity in the coal industry were bright. He predicted that the demand for coal for electric power alone would increase from the present 220 million tons a year to 550 million tons in 1980.

He cautioned, however, that coal faces "Omonous competition from civilian nuclear power, cheap imported residual oil, the proposed importation of Canadian electric power, and the dump sale of natural gas for steam boiler use at very low prices."

# The Facts About Urban Renewal

1. All City officials are 100% in favor of the North Main Street Urban Renewal project for the improvement of Hazard.

2. Urban Renewal will NOT cause any increase in city taxes. The North Main Street Project is being carried out with no cost to the City of Hazard.

3. The total project will cost one million dollars. The City is responsible for 25% of this amount, or \$250,000. But this obligation does not involve City tax money. The City's share will be provided in the following manner:

**\$165,000**—The State Highway Department. The Highway Department will build a 42-foot wide street from the Post Office to the intersection of North Main Street and the By-Pass. This construction will be financed by Highway Department funds. The City of Hazard will receive credit for this amount toward its share of the total cost.

**\$40,000**—The Roscoe Davis Dam. This dam is already built and paid for. But since it represents a public improvement in the renewal area, the City receives credit for this amount on its share of the total cost.

**\$45,000** — Here is Hazard's only direct responsibility in carrying out the North Main Street Urban Renewal Project. The City's normal work force will tear down the buildings in the project area and lay new water and sewer lines. This work will satisfy the City's \$45,000 cash obligation. In other words, instead of paying this amount to the government in cash, the City will simply work off its debt with its existing work force and equipment.

4. The river bank side of North Main Street will contain a parking lot and a park with trees, shrubbery and flowers to beautify the entrance to our town.

5. The law requires families who live on North Main Street to be relocated in safe, sanitary and decent housing. Up to \$200 per family will be paid for moving costs.

6. Businesses will be reimbursed for their cost of moving to a new location.

7. North Main Street property will be purchased at the fair market value after two, and sometimes three, appraisals. No property owner in the North Main Street area has as yet been offered any price for his property. Final appraisals have not yet been made.

8. After the land is purchased and cleared of substandard buildings, it will then be sold at the fair market value for new development. Each firm presently doing business in the North Main area will have first priority in purchasing land for relocation of their present business in the project area. Land not purchased by businesses presently in the area will be sold at public auction for new development.

### BICYCLE SAFETY RULES

In the interest of protecting bicycle riders, especially with school back in session, the following bicycle rules are printed as a public service:

1. Always use a headlight and red reflector at night. Be seen, not hurt.
2. Keep mechanical equipment in A-1 order, brakes in particular. Stop, don't flop.
3. Use caution at open intersections. The right of way is not as important as preventing an injury.
4. Ride on the right, in a straight line. Fancy riding is a professional occupation.
5. Never criss-cross busy streets. Drivers may zig when you zag.
6. Do not ride in a heavy rainstorm, or on ice or snow. It's a slick way to the hospital.
7. Turn blind corners with caution, particularly hedge-ridden driveways and corners of buildings. Someone may be there ahead of you.

## Walkertown Parent-Teachers Meet; Hear Address by Rev. Haddix

The Walkertown P.T.A. met Monday night, October 19, in the school's cafeteria. The meeting was called to order by the President John Calitri.

Rev. Raymond Haddix, of the Scripture Mountain Mission, Emmalena, gave a very inspiring devotional. He took the letters P.T.A. and switched them around to form the word apt. He then gave the meaning of apt and related it to our schools and God. Mr. Haddix brought to light the fact that we are a youthful country with 24 million teenagers and how important home training was to provide teachers with a foundation on which to build.

Mrs. Randolph Campbell read the minutes and Mrs. Smith gave the treasurer's report. At present there is a balance of \$463.73 in the treasury.

Mrs. John Campbell and Mrs. Ernest Pennington gave the report on membership and magazines. Anyone interested in joining P.T.A. or taking subscriptions is asked to contact either Mrs. Campbell or Mrs. Pennington.

Mr. John Peavely, Carnival Chairman, gave a short resume of the carnival plans. He stressed the fact Mr. Hayden Guffey needed help in the ad department.

"Civil Defense" was the program topic. Elmer Eversole, Hazard High School Science teacher was in charge. He discussed Red China as a Nuclear Power and how it may affect us. He urged everyone to take inventory of his families' preparedness and how well they might be able to survive in case of an attack. He stressed the importance of a 14 day supply of food and water for your family and five extra people, as our region is designated for a receiving station. The most important thing, he said, is to "Be

## Mrs. Gene Combs Receives Award For Work In Conservation

Awards of merit for "outstanding work in promoting the conservation of Kentucky's natural resources" were presented to 17 Kentuckians at the state's fourth annual Conservation Congress.

The annual two-day meeting, held in Louisville, drew more than 300 delegates from all parts of the state. Featured speakers were Governor Edward T. Breathitt, State Natural Resources Commissioner J. O. Matlick, Lloyd E. Parian of the U. S. Soil Conservation Service, Courier-Journal columnist Joe Creason, Jefferson County School Superintendent Dr. Richard VanHoose, Lawrence N. Stevens of the U. S. Department of the Interior's Bureau of Outdoor Recreation, and Robert Bray, star of the television "Lassie" series.

Governor Breathitt told the group that \$1 million of the \$176 million bond issue scheduled for the November 1965 ballot has been earmarked for the development of small lakes in Kentucky. He said the money will be spent on "needed dams and reservoirs to supply enough water for tourists, towns, farmers, industry, and sportsmen, and protect them from too much water."

Summing up the needs and problems of conservation in Kentucky, Breathitt said: "In all instances Kentucky lags badly, but we have achieved some results in the 121 soil conservation districts since 1960."

Those receiving the conservation awards were: Paul Hughes, Somerset; Andrew J. Norfleet, Russell Springs; Earl Weaver, Plummers Landing; Mrs. T. C. Fitzpatrick, Middleboro; Cary T. Vinson, Cadiz; Dr. G. L. Simpson, Greenville; Herndon J. Evans, Lexington; Mrs. Edith C. Feltner, London; **Mrs. Gene Combs, Hazard**; Roy Brown, Brodhead; Orville Caudill, Morehead; James Lyons Frenchburg; Grover Wood James, Murray; **B. L. Greer, Whitesburg**; Frank Lancaster, Columbia; and C. D. Dosker and Thomas O. Helm, both of Louisville.

## Napier PTA Holds Second Meeting; Make Plans For Halloween Carnival

The topic for the second meeting of the M. C. Napier PTA was "Physical Fitness Meets the Challenge of Change".

The meeting was opened with the devotion given by Mr. William Cope, of the M.C. Napier School. At the completion of the devotion, Miss Glenna Kaye Hurt, music teacher of Perry County, led those present in "America the Beautiful".

The business part of the meeting was conducted by Mr. V. H. Hunt in the absence of the president, Mr. Guido Castagnaro. The business transacted included the following: The secretary, Mrs. Fugate, gave the secretary's report and Mr. William Clay gave the treasurer's report. Discussion was held on the PTA Carnival which will be November 7, 1964. The project of the PTA this year is going to be a new movie projector.

After the business session was completed, Mrs. Ruth Pen. dergrass gave an inspiring talk on hearing problems in the schools. She highly praised the Kiwanis Club in helping in this worthy project—this club pays the \$25.00 dues to the hearing center in Barbourville.

She also talked on how this got started in Perry County. She reported that there were three PTA groups which started the program—Comb, Lothair and Walkertown with the Kiwanis Club as their sponsor. There are 17 PTA members who can operate an audiometer.

At the conclusion, she tested the hearing of some of the people present, including Mr. Colwell, principal of Napier. The membership drive is still in progress. When it closes the hometown with most parents in PTA will receive \$10.00; second highest will receive \$7.50; and third \$5.00.

## Captain James Reynolds Studies At Guided Missile Range In Florida

James W. Reynolds

Captain James W. Reynolds, son of Mr. and Mrs. Jess E. Reynolds of Oakhurst Avenue, Hazard, Ky., is one of a select group of U. S. Air Force scientific and engineering officers now studying at the guided missile range division of Pan American World Airways at Patrick AFB, Florida.

The officers, many of whom will become missile and space program managers and technical directors, will receive a year of special training in missile technology, including data support, facilities and range project planning. Their study is being conducted under the Air Force Institute of Technology's "training with industry" program.

Captain Reynolds and other members of the group will be absorbed into the Pan American missile range division so they can gain actual first-hand experience.

A graduate of Hazard High School, he received his B.S. degree from the U. S. Naval Academy. His wife, Ann, is the daughter of James P. Robbins of 9 Nenagh Drive, Wilmington, Del.

Definition of Reckless Driving—Any person who drives any vehicle in willful or wanton disregard for the safety of persons or property is guilty of reckless driving.

## Which road shall we take?

President Johnson says:

"No single statement . . . no single act of mine is going to be in the direction of provoking war."

"Let us reason together."

"We are strong enough to win any war . . . wise enough to prevent one."

### JOHNSON ON EXTREMISM:

"Let us put an end to the teachings of hate and evil and violence. Let us turn away from the fanatics of the far left and the far right, from the apostles of bitterness and bigotry, from the defiant of law and those who pour venom into our nation's bloodstream."

### JOHNSON ON SOCIAL SECURITY:

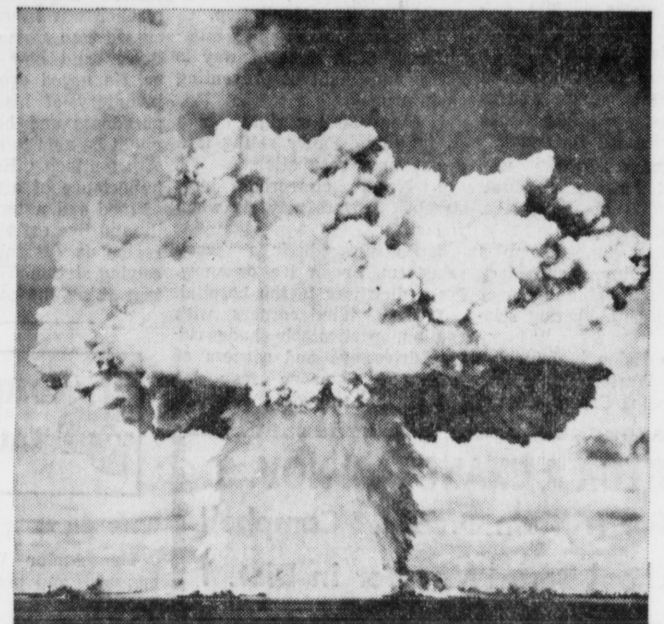

"Every American family will benefit by the extension of Social Security."

"Let us repay our older Americans for their sustained creative participation in our national and community life by providing them with a wide range of meaningful opportunities."

### JOHNSON ON POVERTY:

"This Administration now declares unconditional war on poverty . . . our aim is not only to relieve its symptoms, but to cure and prevent it."

" . . . this office (of President) holds a special responsibility to the distressed and disinherited, the hungry and hopeless of this abundant nation."

Senator Goldwater says:

"I would put nuclear weapons in the hands of local commanders of NATO."

"We should get back to the . . . doctrine of brinkmanship."

"I think that a general war is probable—I don't see how it can be avoided."

### GOLDWATER ON EXTREMISM:

"Extremism . . . is no vice."

" . . . I am impressed by the type of people in it (John Birch Society)."

"I don't object to a dictatorship as violently as some people . . ."

### GOLDWATER ON SOCIAL SECURITY:

"Social Security has been weakening individual personality and self-reliance."

"Let welfare be a private concern."

"Chiselers" is the word Goldwater has used to describe welfare recipients.

### GOLDWATER ON POVERTY:

"The government must begin to withdraw from social welfare programs, education, public power, agriculture and public housing."

"\$2,000 annual income permits reasonably handsome living."

"We have no business supporting federal aid for . . . depressed areas."

Vote For

**William G. (Bill) Campbell**  
**School Board — 1st. District**

(2nd Name On The Ballot)

If elected in District 1, I will work for your child's welfare and interest.

- Teachers will not be asked to contribute to any campaign fund.
- Will help keep politics out of the school system.
- Better education facilities for your children.
- Paying the classroom teacher a full 100% salary.
- A hot lunch for every child, whether he or she can afford to pay for it.
- To put the 4-H Club activities and music back into the school program at Buckhorn. This has been eliminated by the principal, who is the son-in-law of the present board member.
- To put Industrial Arts and Woodworking Shop back into the school program. (This is very important to all High School boys.)
- Pressure will not be applied to force anyone out of the school system.
- A fair and honest placement of teachers, regardless of family connections.
- Safe school buses for every child. Overcrowded conditions should be eliminated.

My opponent is electioneering in one area of my district for the present superintendent. He is also telling the people in another area that he is for a different person for superintendent. He is also informing the people in another area that he is for a third man for Supt. What are we to believe? This is confusing.

I promise to vote for a well qualified person for Superintendent of Schools. The present superintendent is certainly campaigning hard for Mr. Hensley Sparks.

Think before you vote on November 3, and vote your feelings.
